

Flags of One Family on Earth

Flags of One Family on Earth (also called Wings of the Heart) are a symbol of all humans on Earth for unity and cooperation. They create for people the feeling of belonging to our Planet. Travel to space shows us that we are no longer limited by geopolitical boundaries, that we are a whole, living, interconnected organism.

In 1984, Boston area artist Linda DeHart created these flags, which people are using in celebrations for peace around the world. Their many colors and sizes visually depict diversity, oneness, beauty, and harmony. They make visible the intention of people to work together for the general good of the whole.

You can help seed the celebration as a living experience of global oneness by organizing workshops to make them and by designing ways to use them as flags that unite (rather than separate) all people on Earth.

Wheel of Co-Creation

What is YOUR Gift to the Shift?

How will it manifest itself in 2013?

Each of us is responsible for co-creating the emerging global Culture of Peace!

The focus of our Boston Hub is to encourage collaborative action by the creative, innovative, untapped and dormant energies within our highly talented Greater Boston arena. By creating purpose, space and place for doing what they love, concentrated groups can identify and collaboratively resolve key issues, manifest results beyond the limited thinking of today's society, and help to co-create a new world paradigm. Register your 'Gift to the Shift' on our Contact page at:

www.Birth2012Boston.com/Contact-Us.html

The Wheel of Co-Creation identifies twelve sectors of an active community, namely **Justice, Health, Spirituality, Infrastructure, Environment, Governance, Media, Relationships, Arts, Economics, Science, and Education**. All sectors represent interconnected needs within a community.

About the Birth 2012 Boston Hub: Margaret Arndt, Arvetta Souza, eliSabeth Taylor and Rev. Betty Walker

A four-member evolutionary leadership hub of three Agents of Conscious Evolution and a Unity minister in the Greater Boston area, we are dedicated to what is working and emergent, and to manifesting a healed and transformed world.

We offer educational and experiential venues, events, and Conscious Evolutionary Circles to convene community, evolve ourselves, and help co-create a new world paradigm.

The Hub works with The Wheel of Co-Creation, conceived by Barbara Marx Hubbard, to envision a new paradigm for a Universal Humanity. We model principles from Barbara Marx Hubbard’s teachings and book, *Emergence: The Shift from Ego to Essence*, including initiating and incarnating sacred resonance in conscious and evolutionary communities.

Our process is to access the higher frequencies of our being and align with the evolutionary impulse to co-create, inspiring others to do the same – so that together we may evolve our inner consciousness, practice whole systems thinking, and transform our collective global reality to an awakened, heart-centered, universal humanity.
